## California Senate Bill 2

### Talking Points *and* Scripts

#### Talking Points:

1. Keep your messages positive, saying this is the most important bill in CA.
2. Heavy focus on accountability and holding police who commit crimes and misconduct accountable
  - a. There is confusion around the meaning of specific intent, and trying to underscore that is hurting the bill due to confusion and manipulation of that confusion by police unions and the opposition
3. Focus on immunity and wrongful death
4. SB2 is the most important civil rights bill in California, because it restores justice to a broken policing system by getting abusive police off the street. This bill protects our civil rights and takes immunities away from police who kill people, send innocent people to prison, or who beat and rape incarcerated individuals. A YES vote on SB 2 is a vote for racial justice and civil rights. Please vote #YesOnSB2
